# How to Order

We've made the ordering process simple and efficient. Here's how it works:

Send us your product list and quantity

Receive a tailored quotation with full specs

Approve pricing and finalize payment terms

Confirm packaging (private label or Nabtta brand)

Production & QC begin

Shipping and documents delivered to your port

# Shipping Terms

Standard term:

## Ex-Works (EXW)

Goods are made available at our factory in Egypt. The buyer arranges pickup and shipping. This is our default shipping term.

Optional terms

## FOB

We load your cargo at Alexandria Port and clear customs. You handle freight from there.

## CIF

Upon request, we offer CIF quotes tailored to your country. We coordinate shipping with trusted partners to secure the best rate and reliable service.

*Note: We are not a logistics company, but we work with leading freight forwarders to ensure smooth and cost-effective delivery.*

## Our Team

Our operations team carefully prepares each shipment — checking every detail before loading.

Products are tightly packed and wrapped to ensure stability, hygiene, and protection.

Everything is handled under strict standards to guarantee it reaches you just right.
